# Why attend?

2nd  
edition

Attending the **Global Avocado Summit 2026** means placing yourself at the heart of an industry moving toward sustainability and commercial resilience. Its first edition, held in 2024, **brought together over 650 attendees and 50 sponsoring companies**, confirming the global interest in this space for analysis, connection, and future strategy.

As markets become increasingly focused on the environmental and social impacts of what they consume, the **Global Avocado Summit offers unique, practical tools to help businesses compete with purpose.**

In just one day, participants will gain access to global solutions and experiences related to **water sustainability, certifications, traceability, access to new markets, applied technologies, and evolving consumer demands.**

It's a space to build partnerships, draw inspiration from successful case studies, and make informed decisions in a business where reputation and responsibility now weigh just as heavily as quality.
